

ARCO BALENO

Fine tools

www.arco-baleno.ch

Dear interested in surfacing machines from Marunaka,

We are glad to announce that our price list from 2009 is still valid, and that the prices for the “**Super Meca**” finishing machine, the knife holders and the changing blades most probably will be the same during this year.

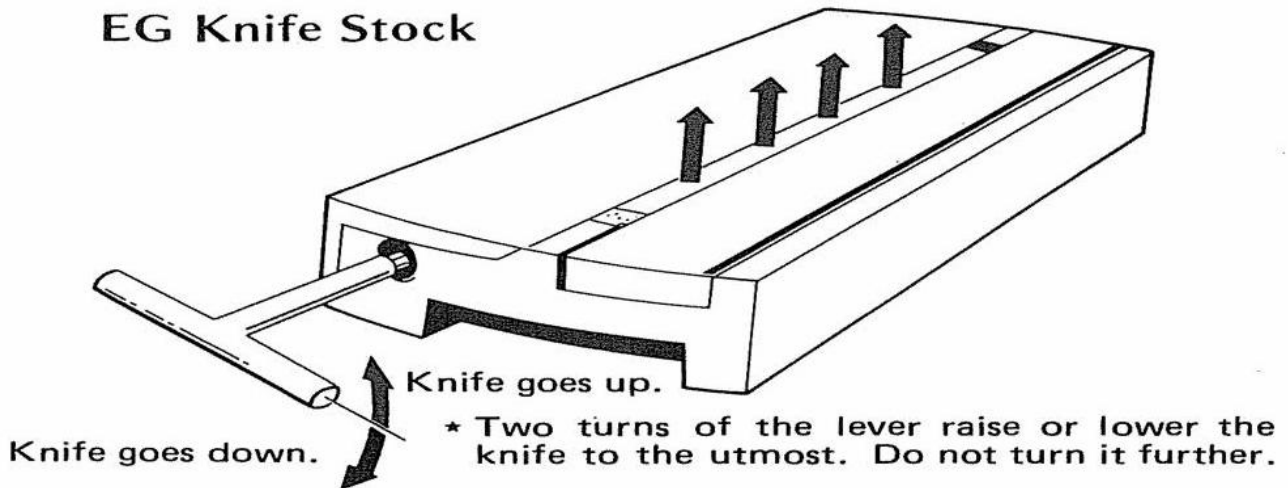

We would also be happy to make samples for you. You may bring your own samples to surface (ev. in relation with your own order), or you may send them to us.

Our services:

- Customer specific solutions
- System consulting, technical consulting
- high availability of the replacement parts
- Unbureaucratic and uncomplicated assistance
- Reliable and flexible logistic
- References

EG Knife Stock

Compared to the re-grindable blades, these blades last longer because you can simply change the inclination when the edge gets blunt.

	500	1000	1500	2000 m
Edge life:				
Blades to grind				
Replaceable blades				

Advantages:

- 3 to 5 x longer edge life than blades to grind
- Quick changing and adjusting of the blades due to magnets
- More convenient
- Better surface quality

Actual offers

Second hand machines revised by the manufacturer

Marunaka Royal FX 14

Technical spec.	ROYAL FX 14
Shaving output	Below
Max. width	350 mm (45°), 250 mm (60°)
	500 mm (0°) x 2 = 1'000 mm
Max. thickness	240 mm
Angle of blade	0 – 60° (variable)
Feed speed	25 – 50 m / Min.
Blade dimensions	500 x 66 x 9 mm
Chipbreaker	500 x 66 x 9 mm
Feeder motor	3,7 Kw, 380 V, 50 Hz
Height adjustment motor	Kw 0,1
Machine dimensions (L x B x H)	1330 x 1300 x 1600 mm
Total weight	640 kg
Price from Faido	CHF 17'200.00 / € 11'600
Incl. changing blade system	(Original price: CHF 42'000)

Price from Faido	CHF 16'900.00 / € 11'400
Incl. changing blade system	

Other surfacing products

Japanese smoothing plane

Smoothing plane (Kanna)
Corpus of Japanese white oak.
Blade width 65 mm
The extremely sharp blades (same as Marunaka's) allows you to smooth with best results even in difficult terms, against the grain or in presence of knotty wood. The very hard tempered blades guarantee highest edge life.
Optimal complement to the Marunaka super surfer for smoothing for example edges by hand and to obtain a constant surface quality all around the workpiece.

Art.nr.: 101211,
Price: CHF 315.00 € 213.00

Replaceable blades for Japanese smoothing plane

Set of 5 pcs.

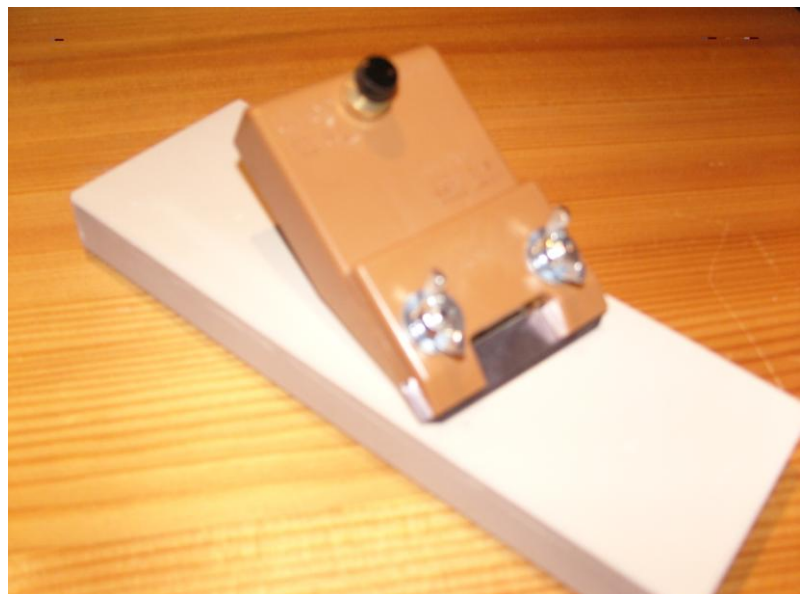

Art.nr. 101213

Price: CHF 67.15 € 45.50

Sharpening jig for replaceable blades

Allows you to sharpen the replaceable blades in a simple and accurate way up to 10 times on Japanese water stones.

Art.nr. 101200
price: CHF 36.30 € 24.50

Sole wax

Pure beeswax

For better sliding and protection of the sole.

Art.nr.: 101200

Price: CHF 7.00 € 4.80

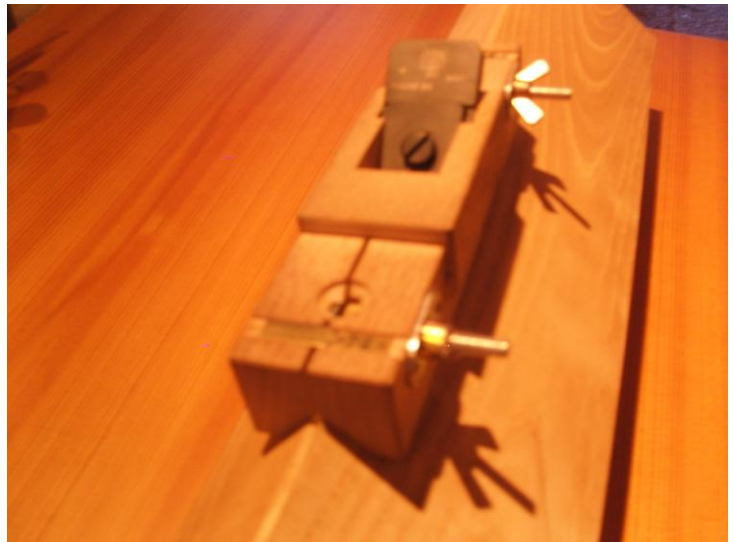

Japanese chamfer plane, (Kaku-Mentori-Kanna)

For making 45° chamfers in solid wood. The chamfer width is adjustable (0 - 16 mm). The extremely sharp blades allow you to smooth with best results even in difficult terms. Corpus of Japanese white oak.

Blade width 30 mm, length 200mm

Art.nr.: 101214,

Price: CHF 448.00 € 303.00
